

Who We Are

The mission of the CSS Tikkun Olam (Repair the World) Team is to coordinate acts of community service, social action, environmental awareness, and Tzedakah.

Our main focus has been racial justice, economic justice and environmental justice. Our team works with individuals (you!) to support your passion and get the job done.

Social Action		Together, we can repair the world... "Tikkun Olam"
--------------------------	--	---

What We Do

Tikkun Olam Team members bring their own ideas, as well as suggestions from individuals outside the Team, to the group for discussion and potential implementation.

Ideas that the team wishes to move ahead on will have a project leader, and other team members can support them.

No one is required to initiate a project.

Why Join Us

We are a group of people who want to help make the world a better place and realize that the power of a team is often necessary to do wonderful things.

The group provides a pool of knowledge and helping hands that bring projects to fruition.

What We Have Already Done

Our list of projects is constantly evolving. Here is a sample of some of the projects from the past. Ask us about them!

- Earth Day Events
- Reverse Tashlich
- Temple Energy Efficiency Improvements
- Pride Parade
- Food Drives
- Annual Walk Off Hunger
- Joint activities with neighboring faith communities
- Supporting local homeless shelters

In addition, we have been exploring diversity in our neighboring communities with activities such as participating in the East Side Garden Walk and a Tour of Nash House and will be exploring how we can help in the area of disability awareness and assistance.
